

A Day At Nursery School

***Free Play and Creative Activities:** The children are free to choose activities from the classroom and are encouraged to use creativity. Decision making, and using expressive language with peers and teachers.

***Clean Up:** The children are encouraged to take care of materials they use before proceeding to new activities.

***Circle Time:** Everyone comes together at this time for calendar, weather, stories, music, sharing time, and learning units.

*** Art Time:** Our colorful and diverse art projects coincide and complement each learning unit. Cutting, gluing, painting, and sculpting enhances fine motor skills and hand-eye coordination.

***Snack Time:** Quiet conversations with friends and a nutritious snack is provided by the parents.

*** Work Play:** Structured group activities, coordinated within learning units are experienced.

***Large Gross Motor Play:** During welcoming weather, children enjoy the village park, school playground, or a leisurely walk. During inclement weather, our Large Muscle Room has a variety of equipment designed to improve coordination and encourage physical activity.

***Program Enhancements:** Walking field trips throughout the community, bus trips in the fall and spring, and creative movement.

4 & 5 Year Old Program

The four-five year old program is a developmentally appropriate skill building program, which is engaging, creative, and interactive. Within the classroom environment the 4-5 year old child will build relationships with other children, engage in cooperative play, enjoy finding solutions to problems, and discover the WHY-What and HOW'S of their world. Manners, listening skills, vocalization of feelings and respect for others is continually being reinforced. Introduction of letters, numbers, shapes, and name print prepare the child for the world of Kindergarten.
